

ALL BOOSTERS FOR BIGGER MAYSVILLE EXPECTED AT MEET

Mass Meeting at Council Chamber Friday Evening at 7 o'clock in Interest of Bringing Andrews Steel Plants to Maysville.

Every Maysville booster is expected to attend the great mass meeting to be held Friday evening at 7 o'clock at the City Council chamber in interest of bringing to Maysville the Andrews Steel Company if that corporation decides to move its plants from Newport, where for the past several weeks they have had much labor trouble and where at present Kentucky state guards are on duty guarding the company's property.

Some fifteen or twenty cities have invited the Andrews concern to move but Maysville stands a splendid chance to bring the big plants here. We have the Ohio River and two railroads. We are located close to the company's coal mines in the mountains of Kentucky and there is every reason to be encouraged over the prospect. Officials of the company have written very encouraging letters to several of our prominent citizens and the contents of these letters will be made known at tonight's meeting.

It is the purpose of the meeting Friday night to discuss what inducements Maysville can offer the company in the way of location, etc., and everyone who is interested in seeing Maysville add a concern that will employ about 2500 men and whose payroll is between \$80,000 and \$100,000 per week, is urged to attend.

BANK OF MAYSVILLE MAKES STATEMENT

We would remind the people of the Mayslick community that in the Bank of Mayslick we have a perfectly safe and secure place for the deposit of their participation certificate of the Burley Tobacco Growers' Co-operative Association and we guarantee their safety.

The people all know the excellent financial standing of the Bank of Mayslick. We have \$17,500 capital stock and \$30,000 surplus. The largest surplus in proportion to capital of any bank in our county.

The Bank of Mayslick has been a consistent supporter of the pool from its inception and is backing it now with as large a loan in proportion to its resources as any bank in the tobacco district.

In consideration of these facts we hope you will entrust to our care your certificate as well as your money and checks.

We trust you will show appreciation by patronizing your home institution.

BANK OF MAYSVILLE.
Mayslick, Ky.
16Feb22

BANK SATURDAY.

Because of the necessity of giving the new Farmers & Traders Bank building a thorough cleaning after the big opening and reception there Thursday, the bank has been unable to move into the building and business was transacted at the old location Friday. The bank hopes to be able to move all of their books, etc., today so that business can begin in the new bank Saturday morning.

BAPTIST REVIVAL POSTPONED.

Because of the inability of Dr. John Vines, of Ronoake, Va., to come to Maysville for the revival at the First Baptist church scheduled for the last of March, that congregation has postponed its revival until October at which time Dr. Vines will be enabled to spend two weeks in Maysville.

PUBLIC SALE.

The attention of the Public Ledger readers is called to the sale of Mr. Jess Brammer in today's issue. Sale will be held on the farm of Mrs. A. K. Marshall, near Marshall Station, 1/2 mile from Lewisburg, at 10 a. m. Saturday, February 18th. 16Feb22

FORESTERS' DANCE.

Maysville Court of Foresters, entertained with a very delightful dance Thursday evening for its members and friends. A very fine evening was enjoyed and there were many present.

KITCHEN STOVE CAUSED FIRE WHICH TOOK TWO LIVES

Adams County Newspaper Tells Story of Burning of Two West Union High School Girls on Tuesday Morning.

The Manchester Signal says: Miss Mary Kirker, 19, and Miss Nellie Tomlin, 18, Juniors in the West Union high school were burned to death about 5:30 o'clock Tuesday morning when fire destroyed the six room home of the former's grandparents, Mr. and Mrs. Quincey Naylor of Main street, West Union. The girls were trapped in their rooms upstairs when fire which started in the kitchen shut off any chance to escape by the stairs which opened in the kitchen. The girls never appeared at the upstairs window and it is thought that they were suffocated with smoke.

Mr. and Mrs. Naylor were asleep on the ground floor had a narrow escape and did not save anything but a few clothes they grabbed in their hasty exit from the burning home.

The charred remains of the girls were found near the front part of the house and although they usually slept in different rooms the position of their bodies indicated they were near each other when the floor fell in with them. Miss Sarah Jeffreys, 18, who also stayed at the Naylor home spent the night with a friend and this probably saved her from meeting the same terrible fate that befell her close friends and school mates.

All three of the girls lived in the country near West Union and stayed at the Naylor home while attending school.

Miss Kirker was a granddaughter of Mr. and Mrs. Naylor. The other two girls were her close friends and as the Naylor had plenty of room they took in the other two girls.

Tuesday morning Mr. Naylor arose, built a fire in the kitchen stove, and then returned to the bedroom and intended to rest a short time while the kitchen was getting warm. He must have fallen asleep for it was about 5:30 o'clock when he awakened and the kitchen was in flames.

The frame dwelling had four rooms on the ground floor and two up, the front part being a story and a half. The kitchen was a mass of flames when he discovered the fire. Mr. Naylor after getting his wife out side thought of the girls upstairs but going to the rear of the house found that entrance to the second floor or escape from there by the stairway was impossible. The stairway opened into the kitchen and the heart of the fire here cut off escape by this route.

COLONEL YOUNG KILLED DURING AN INSURRECTION

Colored Man, Born at Mayslick, Reached Highest Rank yet Attained By Colored Man.

A brief Washington dispatch appearing brings information that Colonel Charles Young, sent to Liberia to look after the interests of the United States, was killed during an insurrection. The only further information obtainable at this time is that a subordinate officer with him was also killed. Colonel Young is remembered as having been born at Mayslick and spending his boyhood days about Ripley. He was known as an exceptional student, and when he took examination for admission to West Point, he and Charles Cochran, a son of Colonel Robert Cochran, were the only two to make the required grades out of a class of 52 entrants. Colonel Cochran's son reached a high place in military studies, before passing away. Colonel Young reached the highest rank ever held by a colored man.

The information that his death came through an insurrection, will mean that the government will make a searching investigation. The facts will be sought by his friends in this section.

A free yard stick with each sale. Look in our show window. Odd lot of wall paper, ceiling paper enough for a room, 45c up to 60c. J. T. Kackley & Co. 16Feb22.

BARNETT-CROWE.

Mr. George Crowe and Miss Rebecca Barnett, of Flemingsburg, were married Thursday morning by Rev. John Mullen of the Christian church.

Dr. Smoot wishes to meet all members of the chorus and all others who can sing, at the Christian church Friday evening at 7 o'clock.

POULTRY FANCIER OFFERS COUNTRY WOMEN CHANCE

Pure Bred Poultry Will Be Loaned to Farmers' Wives Who Can Give Chickens Good Run.

It is a pleasure to raise poultry, as well as being profitable, but when raising chickens, why not get the best you can get of the breed you wish to raise. It costs no more to raise a pure bred fowl with some value—than it does a mongrel—and they are usually bred from a laying strain, as well as having a great deal of merit in the show room.

Much has been said and printed about pure bred poultry and the raising of same, but here is an opportunity for some ladies that live in a range to get a first class start in the raising of pure bred poultry.

The success of this county in the line of poultry is due to the untiring efforts of six young men that have given their time and energy toward furthering the interest toward pure breeds instead of mongrels. One of these young men, now raising White Wyandottes, Black Minorcas and Rhode Island Reds, wishing to still increase this interest is willing to mate some of his chickens and lend them to some of the ladies that are interested, that live on a place where there is a range, or where they can be penned and properly bred.

If you are interested in pure bred poultry, call on Judge Purnell and he will explain to you his proposition.

WORLD WAR VETERAN DIED AT CONCORD.

Elmer Cogan died of tuberculosis at the home of his aunt, Mrs. Lucy Ward, February 14, aged 22 years. He was a veteran of the World War having enlisted at the age of 17. He is survived by his father, one sister, and many friends of Portsmouth, Ohio; also an aged grandmother, Mrs. Catherine Cogan, and many other relatives of Concord and vicinity. He united with the Christian church a few days before his death and was baptised at the home of his aunt. He was laid to rest at Concord by the side of his mother, who died when he was about two years of age.

D. A. R. MEETS MONDAY.

Limestone Chapter of the D. A. R. will meet Monday afternoon at 2 o'clock, to complete plans for celebration of Washington's birthday, which will be in the nature of a luncheon at the Tea Room. Quite a number of reservations have been made. All members are urged to be present at the meeting Monday afternoon.

JANUARY WINS IN CONTEST; OWENS CONCEDES DEFEAT

On Motion of Mr. Owens' Attorneys, Contest Case Over County Clerkship Is Dismissed When January Shows a Winner.

Andrew M. January, known to all as "Buddie," was officially declared elected County Clerk Thursday evening when upon motion of attorneys for Mr. J. J. Owens, the contestant, the contest was dismissed and Mr. Owens congratulated Mr. January upon his election.

Late Thursday afternoon Judge Wm. C. Halbert sustained the motion of Mr. Owens' attorneys that the ballot box in precinct 4A be opened and counted. At this time Mr. Owens was leading in the official count by a margin of two votes. When the ballots in precinct 4A were counted Mr. January gained five votes which gave him a margin of three votes over Mr. Owens.

When court opened Thursday evening to hear further arguments in the case and to take up the several contested votes throughout the county, the contest was brought to a very abrupt close by Mr. B. S. Grannis, one of Mr. Owens' counsel, taking the floor and, after complimenting Judge Halbert upon the very impartial manner of conducting the contest and the attorneys for Mr. January upon their high class conduct of the case, moving a dismissal. Upon this motion Judge Halbert dismissed the contest and declared Mr. January elected to office.

The whole of this case has been conducted without the least friction. The partisan spirit of doubt of fairness was absent and no excitement could be noticed at any time. Judge Halbert is to be congratulated by both sides for his very fair ruling upon every question arising and the lawyers on both sides are to be congratulated by their spirit of fairness shown throughout which has been beyond the least suspicion.

Mr. January, than whom there has never been a more popular Republican in Mason county, is today receiving hearty congratulations, from Republican and Democratic friends.

COLD SNAP SLOWS UP POOLED WEED DELIVERY

Not Such a Rush of Pooled Tobacco to Market Friday—Records Broke In Two Small Crops Delivered.

The cold snap has considerably interfered with the delivery of pooled tobacco to the warehouses here Friday. As the weed is in very poor condition for delivery, growers who were scheduled to deliver today, have been compelled to postpone for some time. For the size, the two best crops yet delivered here were graded Friday, however. They were two crops belonging to Messrs. R. T. Watson and Gallagher. The first weighed 1,000 pounds and the price advanced was \$15.60. The second crop weighed 1160 pounds and the advance was \$14.30. Other crops delivered and advances made Friday follow:

Ed Tobin, 2635 pounds, \$12.60
W. L. Hill, 1190 \$12.58
J. J. Disher, 3235 pounds, \$12.43
T. A. Irwin & Hiatt Pollitt, 7165 pounds \$12.04

K. OF P. ANNIVERSARY.

Sunday, February 19, 1922, will mark the 58th anniversary of the institution of the order of Knights of Pythias and in celebration of this event Grand Chancellor, Wm. Ladew, asks that all lodges attend Divine worship on this day.

In response to this request all members of Limestone Lodge No. 36 K. of P. are called to assemble at their Castle Hall Sunday morning February 19, 1922, at 10:15 o'clock to attend services at the First Baptist church at 10:45 o'clock.

All members of the local lodge are urged to attend, visiting Knights welcome. JAS. FROST, JR., C. C.
W. A. MUNZING, K. of R. & S.

NOTICE K. OF C.

There will be a special meeting of Maysville Council, No. 1377, Sunday afternoon at 1:30. It is very important that every member attend.

R. B. WILLOCKS, Secretary.

THOS. M. RUSSELL IS PRESIDENT OF NEW BLUEGRASS LEAGUE

Meeting at Paris Last Night For Organization of Baseball League Was Enthusiastic—Local Man Temporary Head of Body.

Paris, Ky., Feb. 17. — An enthusiastic meeting was held here Thursday night for the purpose of furthering the reorganization of the old Bluegrass Baseball League. About sixty-five fans and other interested parties were present. Thomas Russell of Maysville, former president of the old Bluegrass League, was chosen temporary president, and Eugene Freeman was chosen temporary secretary.

William E. Neal, another former president of the circuit and now a stockholder and vice president of the Louisville Baseball Club, attended the meeting and gave an interesting talk on the prospects of baseball during the forthcoming season. Mr. Neal is a great booster of the Kentucky circuit and stated that he was ready to assist in the reorganization.

The league will be composed of the following six cities: Lexington, Paris, Cynthiana, Maysville, Winchester and Mt. Sterling. Two games a week will be played, Saturday and Sunday. A committee, composed of Messrs. Goodman, Paris; Lenihan, Cynthiana, and Morton, Lexington, was appointed to confer with J. H. Farrell, secretary of the National Association of Professional Baseball Clubs, and apply for a class D franchise.

The next meeting of the league will be held here on February 23, at which time permanent officials will be elected and a schedule adopted.

40 Cents per Month.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

MORE SCARED THAN HURT.

"While the country is suffering profoundly from the waste, the extravagance and expansion of the post-war boom, it is comparatively more restless than injured," declared Secretary of Commerce Herbert Hoover in entering upon a discussion of the subject of railroad rates now being considered by the Interstate Commerce Commission. "For instance," said he, "as heavy as our tax burden is, it is still less than one-half as great in proportion to our national productivity as the other states in the war."

Mr. Hoover submitted to the committee some interesting figures illustrating the unequal spread that have taken place in prices and wages since 1913, a condition which he argues is largely responsible for the country's troubles. He contended that railroad rates and railroad costs of operation must come down. Taking 1913 as the base year, at 100, Mr. Hoover's table shows the following for the year 1921:

Farm crops at the farm, 98; all animals at the farm, 92; cotton at the farm, 136; Retail foodstuffs, 150; wool at the farm, 101; retail clothing, 213; steel billets, Pittsburgh, 113; copper, 86; zinc, 90; pig iron, Pittsburgh, 128; bituminous coal at the mine, 160; bituminous coal, retail, 198 to 220; yellow pine lumber at mill, 189; Douglas fir lumber at mill, 125; lumber, retail, partly estimated, 200; cost of living, variously estimated, 162-180.

Wage scales, estimated: Farm labor, 135; textile industries, 210; steel industries, 150; railways, 200; metal trades, 218; building trades, 190; coal mining scales, 173.

It is Mr. Hoover's idea that the permanent plane of wages and prices when readjustments now in progress are completed would be about 50 per cent above the level of 1913. "If we look at the national economic situation as a whole," said he, "the greatest impulse that can be given to recovery from any source whatever is a reduction of rates in primary commodities combined with the immediate resumption of railway construction and equipment. The first depends upon reduction of operating costs; the second upon restoration of credits for our railroads. Since we entered the war in 1917 we have constructed at least 10,000 miles of railways less than our increasing population and economic development called for, and we are behind in rolling stock by about 4,000 locomotives and 200,000 cars."

AN AMAZING POSITION

To the great majority of people—the plain people—the position taken on the anti-lynching bill by the Democratic members of the lower house of congress must have been amazing.

The bill is the first serious effort to curb an evil which has been growing steadily for a generation and which has become a deep stigma upon the country. One would have supposed that a party which two or three years ago professed such beautiful moral and humanitarian sentiments in advocating the league of nations would not permit any organization to surpass it in condemnation of "lynch law," but as a matter of fact the Democrats in congress have not been as excited since the civil war as they have been over the proposition that lynch law should be repealed.

So bitter has been the Democratic opposition that the bill may be regarded virtually as a party measure. Indeed, it actually is a party measure in the sense that 221 of the 230 votes by which it was passed came from Republicans, while the Democrats contributed 102 of the 119 votes in opposition.

The bill takes the enforcement of the constitutional guarantee of jury and the punishment of lynchers out of the hands of the state by providing that lynchers shall suffer life imprisonment and that the same penalty shall be imposed on state, county and municipal officials, who, by negligence, fail to prevent lynchings. The measure also stipulates that counties in which life is taken by mobs shall forfeit \$10,000 to the family of each and every victim. And the yell of rage—accompanied by the old cry of state's rights—with which the southern representatives and their Democratic brothers in northern states have fought it from the moment of its introduction is first-class evidence that it is expected to be effective.—Marion Star.

PROGRESS IN MERCHANT MARINE.

Conferences are now under way between the Shipping Board and a group of Pacific Coast shipping men having in view the formation of a big combination for the operation of liners to the Far East. It is anticipated that between \$20,000,000 and \$30,000,000 will be raised for the purchase from the Shipping Board of several ships and the construction of others. The plan calls for the acquisition of ten 535-foot and five 505 foot steamers from the Board. The former ships are similar to the American Legion, the holder of the speed records from New York to South American ports. It is the intention to put seven of the boats on the run from San Francisco to Far Eastern ports, and at least five of them from Seattle to the Far East. The vessels are not, however, sufficiently speedy to compete with some of the foreign lines in the Pacific, and if the combination is formed it is the intention to contract for the construction of fast liners that will beat the best that other countries are operating.

Americans have reason to feel proud of the energy and initiative manifested by the Shipping Board and by private operators in meeting the competition of foreign rivals for supremacy on the seas. Steady progress is being made, not only in the number of American ships in service, but in the tonnage carried, and in the general efficiency of operation. American shippers and overseas travellers are becoming more and more alive to the facilities offered by ships of their own flag. No better equipment for handling freight, or more luxurious service for passengers, is found on any foreign vessels. The judicious advertising of the Shipping Board is aiding in bringing results. There is no reason to doubt that progress will continue until the American merchant marine has won its proper place in the world's commerce.

TAX PLANS PROPOSED.

Levies on transfers of stocks, bonds, and real estate, together with an increase of first class postage to three cents, are the most recent suggestions for raising funds to pay the soldiers' bonus. It is understood that Chairman Fordney of the Ways and Means Committee of the House looks with favor upon these sources of taxation. Of course objections to them will be raised by the people whom they most directly hit, but that would be true of any bonus tax that Congress might levy.

Columbus was glad to see the U.S.A. after his long trip.

And when he could throw a rope! A lucky strike for him

DAVIESS FARMERS PLANNING TO IMPROVE HOME ORCHARDS.

Better care of home orchards to increase the yield of fruit is receiving considerable attention from Daviess county farmers at the present time, according to a report of County Agent J. W. Whitehouse. Farmers interested in the better care of their trees were shown the proper methods of pruning by means of 12 demonstrations recently held by Mr. Whitehouse in co-operation with farmers while 60 orchards in the county will be managed as demonstrations to show fruit growers of the county what can be accomplished by proper pruning, spraying and care of the trees during the entire year.

WORK THAT TELLS

Plenty of It Has Been Done Right Here in Maysville.

To thoroughly know the virtues of a medicine you must investigate its work. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders, now give confirmed testimony—declare the results have lasted. How can any Maysville suffer longer doubt the evidence?

Mrs. W. A. Schatzmann, 605 East Second street, Maysville, gave the following statement November 15, 1918: "From the benefit I have derived from the use of Doan's Kidney Pills I have every reason to recommend them to anyone. Whenever my kidneys have been irregular in action or I have suffered with a weakness or lameness through the small of my back I have used a box or two of Doan's and they have always proven sufficient to cure the complaint quickly."

On November 22, 1920, Mrs. Schatzmann said: "Doan's Kidney Pills certainly do all that is claimed for them. I recommend them again as I did before when I publicly endorsed them in 1918. Doan's have made a lasting cure for me."

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Schatzmann had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

INGENUITY IS SHOWING FINDING JOBS FOR UNEMPLOYED

Cities Throughout America Contrive All Kinds of Work for their Unemployed.

American ingenuity in contriving jobs for the jobless to tide over the present unemployment emergency is shown by hundreds of reports submitted to Colonel Arthur Woods, of the President's Conference on Unemployment, from cities and towns all over the United States. Many mayors take great pride in the novel means devised by their employment committees to care for the home folks.

Fort Smith, Ark., has a rock-pile where men break big stones into little ones, to be mixed with cement and sand to improve the local streets.

Gloucester, Mass., and Evanston, Ill., pay the jobless to chop down condemned city timber, which is sold for fuel. Public-spirited citizens in Rock Island, Ill., have banded together to hire one man one day a week to keep him from becoming an object of charity.

In Erie, Pa., a drive has been made to push the sale of "Erie-made" products, in order to provide local employment. Lima, O., has put 100 men to work two or three days a week, paying them in orders on grocery stores for food. Butte, Mont., raises \$60,000 each month, and extend some sort of aid to 2,500 families. Unemployed single men can get two meals a day of beef stew, vegetables, bread and butter, and coffee, out of this fund. Galesburg, Ill., has put \$100,000 into water main sand work has gone on right through the winter, while the town provides lodging and food for the destitute. Youngstown, O., has sold municipal

bonds and provides work in that city parks for men with families. They are divided into two groups, and work in two-week shifts. The election officials lent their machinery and a day was set apart for the registration of the unemployed. Allentown, Pa., is continuing all public work regardless of weather conditions, and a special drive has been made to remodel store fronts in order to give work to builders. A "cheap homes" campaign has also stimulated employment and solved the housing problem.

Pittsfield, Mass., has a "flying shovel squadron" which reports immediately to any citizen who telephones, and clears the snow from his sidewalk in a jiffy.

Fort Dodge, Ia., reports that jobless miners are working abandoned coal mines in the vicinity, which has given them a living and reduced the price of coal at the same time. Red Oak, Ia., has opened a stone quarry and hauls the rock to the locations where it will be used in the spring.

Salt Lake City, Utah, has established a municipal woodyard where old railroad ties and discarded telephone and electric light poles are sawed into firewood by the unemployed, at 25 cents an hour. They are paid in lodging and meal tickets, and the kindling is sold.

EDUCATION IS NECESSARY FOR GOOD ROADS SYSTEM
Road Officials of Kentucky Advise That System of Education Is Very Necessary.

Lexington, Ky. — More than 300 county road officials from Kentucky together with road contractors and other persons interested in road building and upkeep, who recently attended the regional conference on highway economics and transport held at the University of Kentucky, adopted resolutions before the adjournment of their meeting advocating that the study of highway transport, highway engineering, highway economics and safety education be given special attention in the educational system of the state and that educators, the press and public officials of Kentucky bend every energy toward the upbuilding of the state highway system. The resolution follows:

Nature's Remedy
NR-TABLETS-NR
Better Than Pills For Liver Ills. Get a 25¢ Box
For Sale by J. JAS. WOOD & SON, Druggists.

"Whereas the solution of the problems of highway engineering, highway transport and highway economics are deemed vital to the proper development of the Commonwealth of Kentucky, and,

"Whereas no adequate solution of these problems can be achieved without trained administrative personnel serving as county, district and state highway officials, and

"Whereas the improvement of the rural educational facilities of the state is dependent largely upon the avenues of communication between home and school,

"Therefore be it resolved:

"That it is the sense of this conference that the study of highway economics, highway transport, highway engineering and safety education should be given special emphasis in the educational system of the state, and

"That recognizing the interrelation between efficient rural education and improved highways, the educators, press, and public officials of Kentucky should bend every energy toward the proper upbuilding of the state highway system, and

"That these resolutions be distributed to the press of the state."

The resolution was signed by a committee composed of H. Green Garrett, chairman of the state highway commission, C. Frank Dunn, secretary of the Lexington Board of Commerce; and Edward West, D. V. Terrell and W. E. Freeman, all of the University of Kentucky.

NEW CIRCULAR OUTLINES
BEGINNERS SEWING WORK.

"The Beginning Clothing Project," is the title of one of the most recent publications issued by the College of Agriculture for farm girls of the state. It takes up the fundamentals of sewing and outlines several pieces of work to be done by beginning sewers as their junior agricultural club project. It may be obtained free from the Experiment station at Lexington.

Interest among Larue county farmers in the keeping of books and records is increasing steadily with the result that 48 are now keeping records and books which they intend to continue through the year, according to a report of County Agent J. W. Jones.

Junior agricultural club work is continuing to attract Campbell county farm boys and girls with the result that more than 275 of them are now enrolled in the work.

African cat-fish have the power of discharging an electric shock sufficiently powerful to disable a man.

New York Letter

by Lucy Jeanné Price

New York. — What has been called "the most important tie between Italy and the United States," the great new steamship Conte Rosso of the Lloyd Sabauda line, will reach here on her maiden voyage on February 24th. Of more than 21,000 tons, and with a speed of 19 knots, the Conte Rosso will be the greatest passenger vessel plying regularly between Genoa and New York. Embodying all the most modern improvements, she is 590 feet long, with a width of 74 feet. Much more to the point from the view of her passengers, the Conte Rosso is the most perfectly appointed vessel afloat, her saloons and cabins reflecting the best in Italian art. Among the most novel and popular features of the vessel are the great "outdoor spaces" where passengers may promenade to their hearts' content. The designers chose to limit the cabin accommodations so as to obtain the most comfort and convenience for the passengers and there is one deck space almost as large as a baseball diamond. This is a regular plaza and will accommodate several hundred persons. The outdoor social life of the vessel will center there and evening in the Mediterranean probably will find the greater part of the passenger list on this plaza dancing and promenading. Among the very great artists who contributed to the decorative features of the ship are Mariano Coppede and his brothers, and Ingi Cavalieri, the painter of Florence. Dr. M. Serrati, formerly a high officer of the Italian Navy, accompanied by a distinguished party, will welcome the Conte Rosso on behalf of the Lloyd Sabauda, when she reaches this port.

was Detective Yoris of the Seattle, Wash., police force here on a visit!

—NY—
Anyway, we can be proud of Rodman Wanamaker; and no one can deny that he is a New Yorker. He is reported to be completing negotiations for the purchase of a handsome eighteenth century palace in Paris, which he will offer to the American government as an embassy. It is understood that Mr. Wanamaker will furnish the

house completely from his personal collection of French furniture, pictures and tapestries. An eminent American architect is expected to have charge of the interior decorations of the house. When we recall the time that Ambassador Herrick had in finding a place to live when he went back to Paris last year, we may be grateful as well as proud.

—NY—
When Prince Cole, most popular buldog and most efficient burlag router in Greater New York died at Amityville, Long Island, the other day, the whole town turned out to do him honor. There was a real funeral and the dog was buried in an oak coffin with silver handles.

—NY—
New York City is always being disturbed by legislation introduced by up-state members of the legislature. Now it's the matter of shoe-shines! A state senator has introduced a new provision in the penal code making it a misdemeanor to engage in shoe shining after 1 p. m. on Sundays. And when does one want a shoe-shine more, queries Manhattan, than after 1 p. m. on a Sunday?

FARM AND HOME NEWS
FROM OVER KENTUCKY.

Farm boys and girls of McCreary county are showing an increased interest in junior agricultural club work, according to a report of W. B. Woodward, county agent. More than 150 recently were enrolled in one month to take up some form or home project for the coming year.

Prospects of raising and developing a beef calf of their own has attracted 35 Warren county farm boys who are now members of a baby beef club organized in that county by County Agent W. H. Rogers and the College of Agriculture. The youngsters will take their animals to a show to be held in Louisville this fall where they will compete with junior beef producers from other counties of the state.

Jackson county farmers and their wives are finding community clubs a valuable means of solving some of the problems of their farms and homes, according to a report of County Agent W. R. Reynolds. More than 30 clubs are holding regular meetings each month.

Enrich and Strengthen Your Blood Now With That Splendid Tonic, Gude's Pepto-Mangan.

Keep your blood in good condition. The blood very often gets in bad shape almost without your knowing it. How many times you feel tired and exhausted. You don't care about eating or going anywhere. Your work becomes an effort and you wake up in the morning more tired than when you went to bed.

When you feel like that, look to your blood. You can be pretty sure it is in a weakened condition.

Don't let yourself get run down. If you do not feel right, begin taking Gude's Pepto-Mangan and keep it up for awhile. Gude's Pepto-Mangan is put up in both liquid and tablet form and is sold by druggists everywhere. The liquid and tablets have exactly the same medicinal value. Buy whichever you prefer. The name "Gude's Pepto-Mangan" is on the package.—Advertisement.

MANCHESTER BAND TO

PLA YOHIO STATE FAIR.

The Manchester Signal says: The Manchester School Band will play an engagement at the Ohio State Fair and receive \$2,250 for the five days.

This is a brief statement but stop for a minute and figure what it means — the education advantages to the children of being able to spend a week at that great fair, the advertising that will be given the town and the pride that we all have in this youthful organization that in a few brief months since its organization, under the tutelage of Prof. Liston supported by the committee and encouraged by every citizen of the town and surrounding community, has advanced so rapidly that their services are being sought at this great event.

COUNCIL TO INVITE STEEL COMPANY HERE THROUGH OFFICIALS

Interesting Session of City Fathers Thursday Evening — New Streets and Alley Are To Be Accepted By the City.

There was considerable business of more or less importance transacted at the regular semi-monthly meeting of the City Council Thursday night. Mayor Samuel and all councilmen were in their seats.

An ordinance providing for the semi-monthly payment of all city employees was adopted, an ordinance changing the duties of the City Clerk was offered but rejected because of a failure to receive two-thirds of the vote of council. An ordinance outlining the duties of the Tax Collector was received.

The Laws and Ordinance committee was instructed to prepare an ordinance accepting Washington alley in the Sixth ward in the rear of the new bungalows near Union street.

Attorney W. H. Rees presented a proposition from the owners of the ball park property who propose to see this property in lots. The owners ask that a street running north and south through the property to be known as State street and a street running east and west to be known as William street be accepted and that William street and State street from the C. & O. railroad to William street be macadamized. Also that sewers be laid through these streets. A resolution accepting the streets and pledging the improvement of the streets as soon as possible was adopted.

County Health Officer Gultard gave a report of the finances of the department to council. Council unanimously offered the Andrews Steel Company five years' free taxes should they locate in Maysville and Mayor Samuel named Councilmen J. A. Dodson, J. D. Keith and J. B. Orr to act with himself as a committee to wait on the officials of the company and give them an official invitation to come to Maysville.

TALENTED COLORED MUSICIANS GIVE DELIGHTFUL RECITAL

Local Colored Pianist Proves To Be Genius — Many Hear Recital Wednesday.

Mr. and Mrs. Donald Phillips, colored, talented musical artists, who have recently moved to our city, revealed their musical worth Wednesday night at Scott's M. E. church, in a musical entertainment, given under the auspices of the ladies' club. Mr. Phillips, as pianist, Mrs. Phillips, soloist, Jesse Howe, cornetist, Henry Fields, clarinetist, James Jackson, trombone, and Augustus Williams, trap drums, four promising young musical geniuses, rendered the following program in a highly pleasing and instructive manner:

Remarks—Rev. J. M. Hayden. Prayer—Rev. Jackson. (a) "Prelude" — C Sharp Minor Op. 3. No. 2. S. Rachmaninoff. (b) "Le Pahlillon" Op. 43. No. 1. E. Grieg — Donald E. Phillips.

Selection—Junior Quintet. Vocal Solo—(a) "Who Knows" Paul Lawrence Dunbar. (b) "Deep River" Coleridge Taylor. Negro Spiritual. Mrs. D. E. Phillips.

Cornet Solo — (a) "The Rosary" E. Nevin. (b) Selected — Jesse Howe. Address—Prof. Humphrey.

Clarinet Solo — "Calvary" — Henry Fields.

(a) "Lucia De Lammermoor" Th. Leschetizky, for the left hand alone. — D. E. Phillips.

Trombone Solo—James Jackson. (a) "Frühlingstrauch" Op. 32. No. 3. C. Schindler. (b) "Hungarian Camp Song" H. W. (18th century)—Donald E. Phillips.

Selection—Junior Quintet. Vocal Solo — "Good Bye" Tosti — Mrs. D. E. Phillips.

Finale. Mr. Phillips is the well-known pianist of the famous Anderson Harmony Hounds.

STRIKE IS FEARED.

Indianapolis, Feb. 17.—The strike vote of 500,000 coal miners, to be taken within the next six weeks unless mine owners agree before April 1 to continue the present basic wage scale, undoubtedly will favor suspension of work, union officers said today.

Every indication is that the operators will not agree to the existing scale.

HEALTH THE SECRET OF ATTRACTION.

Women of today depend a good deal upon the modern modiste and a knowledge of the cosmetic art to make them attractive. Too often there exists beneath it all a suffering woman whose nervous laugh or forced smile covers a pang of agony caused by some feminine ill. To such a woman Lydia E. Pinkham's Vegetable Compound will bring health and a happy relief from her suffering, that will make her far more attractive than costly gowns and cosmetics. For nearly fifty years American women have relied upon this root and herb medicine to relieve their ailments.

Ledger Service—Efficiency.
